AUTO A DEATH DEALER

Massachusetts Shows Appalling Number of Accidents.

92 COLLISIONS IN 26 DAYS

Safe Roads Automobile Association Is Adopting Radical Measures to Prevent So Many Accident from Occurring—Rewards Offered.

Boston, July 18.—Nine pedestrians have lost their lives and 34 have been injured as a result of automobile accidents in Massachusetts within the last twenty-six days, according to statistics compiled and made public by the Safe Roads Automobile association.

During the 26 days there have been 92 collisions in which automobiles have figured. The investigations conducted by the association show that out of sixteen cases looked into the operator was to blame in thirteen.

Convinced that radical measures must be adopted if these accidents are to be stopped the association has offered rewards for conviction of operators who do not leave their names after an accident and have also offered to reward evidence which shall secure the conviction of persons operating automobiles while under suspension or after revocation of their licenses.

THAW SMOKES TOO MUCH.

His Physician Advises Less Tobacco and More Exercise.

New York, July 18.—So many and such varying reports have of late been printed concerning the physical condition of Harry K. Thaw that Dr. Frank McGuire, the Tombs physician, has made a statement on his health.

Dr. McGuire said that Thaw's condition did not differ from that of any man confined as Thaw is, who lives on rich food and spends much time smoking a black briar pipe. Dr. McGuire added:

"I have advised Thaw to cut down the amount of smoking and to regulate his diet. I have written a prescription for him and have advised his taking less exercise in the prison and urged him to take more than he does when he is out of doors in the afternoon."

Thaw now wears green goggles while out in the prison yard. He complained that when out of doors the strong light hurts his eyes.

MORE DEATHS PROBABLE.

Critical Condition of Survivors of Battleship Georgia Accident.

Boston, July 18.—Three of the 12 survivors of the accident on board the battleship Georgia, on Monday, from which nine deaths have resulted were lying in an extremely critical condition Wednesday morning in the U. S. Naval hospital at Chelsea where they were taken after the accident.

The condition of one of the three, Louis O. Meese, a seaman who enlisted at Berea, O., was so dangerous that the physicians at the hospital said that they believed he could not live more than 24 hours.

The other two who were the most seriously injured are Midshipman James F. Cruse, of Omaha, Neb., who, however, has shown a slight improvement, and James P. Thomas, of Brooklyn, N. Y., whose condition was reported as being without change.

Korean Emperor Agitated.

Tokio, July 18.—It is reported from Seoul that the emperor of Korea is nervous and agitated and is resorting to an elaborate system of espionage, following a survey of the proposals made by the government of Japan through Foreign Minister Hayashi.

Tour for Glidden Trophy.

Indianapolis, Ind., July 18.—The long string of automobiles taking part in the tour for the Glidden trophy left here Wednesday in a driving rain for Columbus, O., a distance of 171 miles. But one machine was left here due to an accident to an axle. It was a runabout.

CUT OUT DANCING IN SCHOOL-HOUSES

The Practice Must be Abandoned, Says the School Board.

A VERY STRINGENT ORDER

Complaints Were Made to the Board by Patrons of Some Sections, Which Led to the Adoption of the Order Which Will be Enforced.

The members of the Board of Public Instruction evidently agree with a number of complaining patrons of the various schools throughout the county in the matter of using certain schoolhouses as dance halls, with the result that, after patiently and attentively hearing the complaints, which were numerous from some sections, a resolution was unanimously passed prohibiting the use of any public schoolhouse in Alachua county, supported by the county, for the purpose of giving dances, and the secretary was instructed to enforce this order to the letter.

Hence those who have a weakness for "tripping the light fantastic toe" must seek other resorts than schoolhouses of the county to satisfy their desire in future.

In passing upon the matter only a few moments was required. The members of the board had nothing to say regarding the impropriety of dancing, but it was evident by their prompt and unanimous action that they were inclined to believe that a house of education, where children's minds and ambitions are trained to great and noble things, was not the proper place.

Superintendent Kelley, in commenting upon the order, stated that the instructions from the board would certainly be carried out, and that in future the rule would be strictly enforced.

And so ends the practice of using Alachua county schoolhouses as dance halls.

MRS. BAILEY'S SOCIAL.

People of North Gainesville Enjoyed Themselves Tuesday Night.

The home of Mrs. O. B. Bailey, North Gainesville, was the scene of a most enjoyable time Tuesday evening, the occasion being a social and ice cream supper, the proceeds being devoted to the benefit of the Advent Christian church.

There was a good crowd present, as is usual with all entertainments in this favored section, and the program, which was of a musical and literary nature, was one of the best and most enjoyable ever rendered. The program, in fact, was so interesting that the entertainment was repeated in part Wednesday evening.

Financially and otherwise the social was a grand success, and one which will be remembered by those who were present.

CHUBB IN PHILADELPHIA.

Is Attending the Session of the Grand Lodge, B. P. O. E.

Hon. Henry S. Chubb, register of the United States land office and exalted ruler of Gainesville Lodge No 990, Benevolent and Protective Order of Elks, was called to Washington a few days ago on an important mission, and, being so near Philadelphia at this time, when the Grand Lodge of Elks would be in session, decided to "take a run" over to the Quaker City and represent his lodge.

The result is that Gainesville No. 990 has enjoyed the distinction of being represented ably by one of the most prominent men in the State, which is a mutual credit to all concerned.

Col. Chubb is expected home today or tomorrow, when he will have something to say regarding this great and growing benevolent order, of which there are nearly two hundred enthusiastic members in Gainesville.

TWO WOMEN IN TROUBLE.

Persisted in Fighting, Which Terminated in Heavy Costs.

This fighting business is an expensive proposition, to say nothing of the result of broken heads, etc., which might and frequently do result from such episodes.

A war with sticks and knives followed a war of words between Clara Cullen and Minnie Tompkies, two colored women, Wednesday night, in which it appears that Minnie got the worst of it, Clara being the aggressor. Roosevelt is not the only one who can wield a "big stick," as Clara demonstrated when she struck her opponent over the head with a cudgel, afterward, it is said, going at her with a knife and cutting her clothes.

As is the sequel with a majority of cases among the colored women, they had each other arrested, and were arraigned in Mayor's court Thursday morning, when they were assessed a fine of $5 and costs each.

There's an old adage that trouble never comes single-handed, and it was never more true than in the case of Clara in this instance, for she was immediately arrested upon a warrant sworn out by Minnie before Justice Colman, charging assault and battery. Clara was hauled up before Justice Colman—then came a dose harder to swallow than before, for in this court she was compelled to pay a fine of $10 and costs.

JAMESTOWN EXPOSITION.

The Atlantic Coast Line Offering Some Attractive Rates.

The Jamestown Exposition, like all other expositions when the first opens has not the buildings all completed and the exhibits in good shape. This exposition will be no exception and in referring to the advertisement carried in this paper you will note attractive rates and time limits to suit the vacations of anyone.

Realizing and appreciating that one day in the week namely Tuesday was the only day on which coach excursion tickets could be purchased the Atlantic Coast Line has instructed all their ticket agents that the coach excursion rates will be in effect on Friday as well as Tuesday, thus making two days in the week that people who do not feel like going to the extra expense of buying sleeper berths, but want to take a trip off for an outing, can avail themselves of this very reduced rate, which is about one cent a mile for distance traveled or $14.65 for the round trip from Jacksonville, with correspondingly low rates from all other points.

The rate named above is a very low one and is one which a great many people are availing themselves of, taking advantage of the two days fixed for the coach excursion rates, one day at the first of the week and one day at the last of the week.

By consulting your nearest railroad agent he will quote you rates through, not only for the coach excursion, which is particularly referred to in this writing, but any additional limit of tickets.

If you cannot see the agent personally by dropping a card or letter to Frank C. Boylston, district passenger agent of the Atlantic Coast Line at Jacksonville, Florida, you will be furnished with rates direct, to any point desired, and to the exposition with any kind of a limit of ticket.

GERMAN-AMERICAN DAY

At the Jamestown Exposition On August 1 to Be Great Event.

To celebrate the one hundredth and thirty-second anniversary of the German-American Declaration of Independence, the German-American Alliance, the Deutsch-Amerikan National Band, has arranged for a German day at the Jamestown Exposition. On August 1, 1775, eleven months before the Declaration of Independence, the Germans of Philadelphia, through the directors of the Lutheran and Reformed churches, published a manifesto which admonished to take up arms, and they began to drill for the conflict which they saw ahead.

Dr. J. C. Hexamer, president of the German Alliance, will deliver an address in English on the occasion of the Jamestown celebration on August 1st, in which he will revive the memories of that historical day in 1775. The "United Singers" of Washington, Baltimore and Richmond, several hundred voices strong, will sing choruses. The board of directors of the German Society has resolved to attend in a body and participate in every way to make the day a great event. The many branches of the German Alliance all over the United States have been notified of the event and no doubt will take the opportunity to pay a visit to the Exposition.

Two Homes Burned to Ground.

Cedar Key, July 18.—Tuesday morning at 4 o'clock the cry of fire was heard on Cedar Keys Hill. The residence of Mrs. L. B. Hall and that of Mrs. L. Musse were burned to the ground. Both the buildings were in a solid sheet of flame before the fire was discovered. The alarm was given but before the fire department could reach the burning buildings, practically everything in the two families had was destroyed.

GOVERNMENT BIDS TO BE OPENED TODAY

Matter of Gainesville Public Building to Be Settled.

WILL BE HANDSOME STRUCTURE

The Appropriation Was $75,000 and the Contract Will be Let Today at the National Capital to the Lowest and Best Bidder.

In compliance with the advertisement which appeared in The Sun the bids for the erection of the United States Government building will be opened at the National Capital today, which will be another step toward the actual construction of the building. The Treasury Department several weeks ago advertised through The Sun and other papers for bids for this building, the advertisement stating that plans and specifications could be secured by any legitimate contractor.

The information as to who will be the successful bidders and the price will be watched here with a great deal of interest. It is understood that work will begin as soon after the bid is accepted and approved and the material can be placed on the ground as possible.

As has been before stated, this building will cost about $75,000. It will be located on a site known as the old Oak Hall estate, at the foot of East Main street S. and three blocks from the square, facing north. The building will be a modern one, containing basement and two stories. The lower floor will be used for the post office, while the upper story will be devoted to the United States land office. The building and its furnishings will be up-to-date throughout, and the structure will prove a credit to the city and the State.

It is estimated that about nine months will be required to finish the building.

Residence for sale: seven rooms; good cistern and well; all necessary out-houses. Also farms, residences and business lots. Prices right. Write or call on O. L. Feaster, Micanopy, Fla.

THE SCHAFERS CAME NEAR MEETING DEATH

Were on Board the Steamship Alleghany, Burned Off Tybee.

BARELY ESCAPE WITH LIFE

Were Rescued by the Ship's Boats and Returned to Savannah—News Received Here With Great Interest by Friends of the Schafers.

As will be seen from The Savannah News of the 15th inst., Mr. and Mrs. R. T. Schafer and child of this city, who were en route to the Jamestown Exposition, came near either being electrocuted or meeting a watery grave Wednesday night at 10 o'clock when the steamship Alleghany of the Merchants & Miners' Line took fire and was burned to the water's edge three hours later after leaving Savannah and just after the steamship had cleared Tybee light.

The ship was discovered to be on fire near the engine room and almost before a general alarm could be sounded was enveloped in flames. There were twenty-six passengers among whom were Mr. and Mrs. Schafer and child. The passengers were finally rescued by the ship's boats and taken to a government dredge, when they were returned to Savannah.

The passengers lost all their baggage and were fortunate to escape with their lives.

Friends of Mr. and Mrs. Schafer regret the disturbance in their trip so pleasantly arranged and anticipated, but congratulate them upon coming out alive.

A Pleasant Party.

W. C. Newbern and family and Mr. and Mrs. Kinkaid of Live Oak spent Thursday at the Sink enjoying a fish fry.

The party returned late in the afternoon a tired but happy set.

John D. Rockefeller does not talk like a man who expects the trusts to be busted, for he declared in Chicago that the present trust prosperity will continue.

With the tinkling ring and the winking swing of a plank in a platform, the announcement comes that the administration "has caught John D., and isn't going to do a thing to him." Look out for an advance in the price of oil, and another big deposit of public money in the Rockefeller banks, without interest.

It may surprise some people to know that Reed Smoot, the Mormon Senator, took the floor vigorously for the administration when President Roosevelt's land policy was under discussion at the Denver public lands convention. But this may only be to repay the President for his influence in helping the Mormon to retain his seat in the Senate.

Mr. Hearst's New York American notifies its readers that the Independence League is to be made a National organization. Is this to be considered a notice that Mr. Hearst will be the League's candidate for President? If so, Democrats should be wary of encouraging the circulation of the Hearst newspapers, and thus give encouragement and aid to those who will try and defeat the Democratic ticket.

Perry S. Heath, who retired from public view after his mixup in the postoffice frauds, is on the political deck again and suggests that the coming Congress should revise the tariff because on the eve of a Presidential election "the chances would favor a more conservative treatment of the subject." Talk to Speaker Cannon about it, Perry, and if you can convert him there may be something doing, if it is even to revise the tariff higher.

The Sun has repeatedly called attention to the violation of an ordinance prohibiting the cutting up or mutilation of the streets of the city by logging carts, but this seems to have little effect, with the result that immense carts of this description continue to pull logs along Arredondo street. Anyone who knows how a log-cart is constructed, knows also that it is one of the most destructive instruments which could be placed on a public thoroughfare, disastrously cutting up the streets and roads wherever they are operated. The attention of the city authorities is again called to this violation of the law, which should be stopped.

Jacksonville has become alarmed at the threatened invasion of that city by the Georgia saloon men who will have to go out of business on the 31st of December, 1907, and an ordinance is now under consideration by the city council requiring nine months' bona fide residence in order to secure license to sell liquors. It is claimed that Jacksonville already has one saloon to every 56 white population over 21 years of age. The saloon men admit that there is already a strong sentiment in Jacksonville in favor of prohibition, and they fear that any material increase in the number of saloons would greatly increase such public sentiment against them.

A FORESTRY SUGGESTION.

(Starke Telegraph.)

Now, when turpentine operators pay such high leases for pine trees that oftentimes an acre of trees brings more revenue to the farmer than an acre of corn, it seems that he should give his woodland a little attention in order to hasten the growth of the trees. We refer to the thickets consisting mostly of Cuban or "slash" pine which spring up spontaneously in old fields and around swampy places. These trees are of comparatively rapid growth if the situation is not too wet and after fifteen to twenty years are large enough to be tapped for rosin under the "cup" system. But they would reach this stage much sooner if a simple method of forestry was practiced. Why should not the farmer treat his woodland to a little "thinning out" as well as his corn field? This processs is as beneficial to the one as to the other.

When the wind blows cold on a wintry day, making work in the open field disagreeable, take a sharp, light axe and go to the sapling thickets. Where the trees average ten feet in height the smaller ones should be cut down to let the sun in and give more room to the thriftier trees. As they continue to grow some trees fall behind. They will eventually be starved out by their more vigorous brethren, but while they live they retard the growth of the latter and may as well be out of the way first as last. Keep up the thinning-out process, for it pays. Yet it is well to exercise some caution, for if given too much space, the tops of the trees will start too low down. Turpentine men like large-topped trees, as they give more gum: but after the tapping is over with the farmer wants his trees to give long timber free from knots, and such can only be had from trees with long stems.

The trees in the sapling thickets will never furnish any strong, lasting lumber, being mainly sap-wood; but the time is not far distant when consumers will have to take what they can get, and some process of making such lumber more durable will be invented to meet the necessity. Meanwhile it will pay owners to encourage the growth of timber on waste places by always leaving plenty of grown trees for seeding, keeping fires away from young timber, thin it out and drain the water away from the low grounds.

THE CAUSES OF DISTRUST.

It has ever been true that distrust, such as we now observe in business and political affairs, has its cause in the men and things distrusted, and is not a mere caprice of the public mind. As to politics, the old maxim is that prudent jealousy is the first duty of the citizen. And as to business, the equally old maxim is, let the purchaser beware. The trouble in business now is that we have reached the limit of prosperity based on fictitious values, and the time has come for paying the penalties incident to dishonesty and recklessness. In politics the trouble is that our statesmen have acted in bad faith with the taxpayers, and have been found out. Hence this universal distrust, which threatens the existence of the dominant political party and the prevailing industrial and financial systems.

Government land officers believe they have enough evidence to indict E. H. Harriman for alleged fraudulent land transactions in Oregon in which his railroad companies are involved. But how about the railroad stock watering and combinations that the administration was so intent upon? Are the land frauds being used to make us overlook the more important railroad matters?

AN APOCRYPHAL STATEMENT.

Gov. Vardaman declared in a joint debate on July 4 with Hon. John Sharp Williams that Mr. Bryan said in a Wall Street journal in reply to Senator Money and others that he did not want to make government ownership of railroads an issue. The governor, however, was unable to produce a copy of such statement or name the paper in which it appeared or the date of its publication. Gov. Vardaman will find that in debating with Mr. Williams he will have to confine himself to facts, or be called to account. Government ownership is unpopular in the Southern States and Gov. Vardaman himself repudiated it as an issue.

THE COSTLY TARIFF.

Wouldn't it be a fine thing if every man could have a tariff of his own, or an Aladdin's lamp or something of that sort to skin the consumers with? But it is only trust magnates who can afford to have a tariff. It is a costly thing. In the McKinley campaign of 1896 it cost its possessors a large part of the $16,500,000 Republican campaign fund, and has been costly in the same direction ever since.

"We have the big club and holler like a Commanche; but don't hit the octopus. He's our pal. Don't hurt him. This is a play; not a duel." So says Root to Teddy. And Teddy plays and hollers, while John Temple Graves and the other political urchins wildly applaud. Is it a comedy or a tragedy?

All the anthracite coal will be exhausted in 75 years, the experts tell us. Well, we will use electricity if the coal trust and the electrical trust don't by that time put the price out of the reach of the consumers of the future.

BAD BREATH

"For months I had great trouble with my stomach and used all kinds of medicines. My tongue has been actually as green as grass, my breath having a bad odor. Two weeks ago a friend recommended Cascarets and after using them I can willingly and cheerfully say that they have entirely cured me. I therefore let you know that I shall recommend them to any one suffering from such troubles." Chas. H. Halpern, 116 E. 7th St., New York, N. Y.

MUST PUBLISH ORDINANCES

Section 10 of City Charter Reinstated by Act of 1907.

Replying to the request for an opinion as to whether the city council of Gainesville is required to publish in a newspaper all ordinances enacted since May 20th, 1907, since Section 5 of the act of 1905 amending the city charter provided for the legislative publication of ordinances, and one of the leading lawyers of the State has rendered the following opinion:

Jacksonville, Fla., July 16, 1907.

Hon. H. H. Main,
Gainesville, Fla.

Dear Sir: Yours of the 15th inst. to hand. I have examined the Law Act of the Legislature amending the charter of Gainesville, and I am of the opinion that the meaning of Section 5 of this Act in repealing "all amendments heretofore adopted to this charter" is to include only such amendments as may have been effected by ordinances passed by the City Council and ratified by the people. Now an ordinance adopted by a municipal council which is duly authorized so to do, may change as to such city the provisions of a legislative act, but it cannot repeal such legislative act. None but the Legislature can repeal one of its enactments. The effect of the city ordinance approved Aug. 9th 1906, was to suspend the effectiveness of the legislative act of 1905 in Gainesville, and to substitute in its stead, by express legislative sanction, a modified rule on the same subject, for the time being, but it did not and could not repeal the legislative act. If the City Council had subsequently, by ordinance ratified by the people, simply and merely repealed said ordinance of Aug. 9th, 1906, the legislative act of 1905 would have at once been revived and would have eo instanti stepped into the shoes of the repealed ordinance. Now, if you will observe, the language of Section 5 of the last act of the Legislature is: "All laws or parts of laws in conflict with this act" are thereby repealed. No law is repealed by it that does not conflict with it. There is nothing in the act that conflicts with the provisions of Section 10 of Chapter 5497, laws of 1905, so that said section 10 of said last named chapter is not repealed, but it is still in full force and effectiveness, the city ordinance suspending it and substituting something else in its place having been repealed and annulled.

Very truly,

The Sun representative has also obtained the verbal opinion of a number of the leading members of the Gainesville bar, and each of them agreed with the opinion given, though not one of them was aware of the fact that a written opinion had been obtained from the member of the Jacksonville bar. As several ordinances have been passed by the City Council since the amendment of the city charter took effect on May 20th 1907, no such ordinance is legal or effective until it has been published in a newspaper, as provided in Section 10 of the act of 1905.

SHORT TALKS BY L. T. COOPER.

INDIGESTION.

Show me a person who suffers from indigestion or dyspepsia and I will show you a person with the meanest disposition on earth. You can't blame them.

MRS. E. KEOGH.

Nothing in the world takes all the cheer and brightness out of life like a balky stomach. People who suffer in this way feel out of humor, out of sorts and irritable all the time. They can't eat a meal without suffering intensely afterward. Their faces are usually covered with pimples and blotches. They always have headache, constipation, are tired and listless and as many whom I have talked to put it 'just feel mean and bad all over.' They are always dosing themselves on pills and pre-digested foods and the like until they have so weakened their stomachs that they can't eat anything. It's all nonsense. I have seen and talked with people who had lived for months on milk and toast, take a bottle or two of Cooper's New Discovery and inside of two weeks sit down and eat a big meal at night then go to bed and sleep as well as any one. Here is one case I have in mind,

Mrs. Ellen Keogh, 1907 Ogden Ave., Superior, Wis., recently wrote me:

"No one knows what awful suffering I have endured from indigestion. My stomach would not digest the simplest foods and no matter what I ate I would be sure to suffer afterwards. I was also constipated and had queer dizzy spells and frightful headaches. Oft times I felt so badly that I could scarcely walk. I had taken Cooper's New Discovery but a short time when I noticed a decided improvement. Now I can truthfully say I feel greatly improved in every way and today for the first time in ten years I enjoyed a hearty meal. I am indeed very grateful to you."

The fact that Mr. Cooper's medicines enjoy larger sales than any others is proof of their great merit.

A SENSATIONAL MARRIAGE.

Two Young Colored People United in Matrimony by Judge Mason.

There transpired somewhat of a sensational marriage in Judge Mason's office Thursday morning, the contracting parties being two well known and well-to-do colored people of Gainesville. The groom is only eighteen while the chocolate-colored bride has the burden of only sixteen summers on her shoulders.

The ceremony attracted a great deal of attention, the room being crowded with the curious.

The parties were arrested for improper conduct, and spent Tuesday night in jail, it is said. They were released upon their own recognizance Wednesday morning, the hearing in the case being postponed until Thursday.

When the defendants appeared before the judge he gave them the option of prosecution or marriage, with consent of their respective parents. The "pen" as pictured to them was not at all a pleasant view, hence they decided to "tie up" and settle the matter.

Death of Frank H. Butler.

The many friends in this county of Frank H. Butler will regret to learn of his death, which occurred at his residence in Jacksonville at 3:30 on the afternoon of July 10, from an acute attack of Bright's disease.

Mr. Butler was born in Savannah, Ga., November 20, 1851, and was for many years in business there. In 1880 Mr. Butler moved to Levyville, Fla., having in 1879 married Miss Sophie Turner, daughter of the late James S. Turner. In September of 1905 Mr. Butler moved to Jacksonville. He was a man of kindly, dignified and polished manners and had a host of friends, who sympathize with his devoted wife and loving children in their great loss.

He is survived by three brothers and three sisters, all of Georgia, and six children, J. T. Butler, an attorney of Jacksonville, Mrs. Chas. F. Stone of Atlanta, and four younger children, Frank, Chauncey, Mary and Elizabeth. The funeral was held at 4 o'clock Thursday afternoon in Woodlawn cemetery.—Bronson Times-Democrat.

LYNCHERS BEING TRIED.

Twenty Citizens of North Carolina Face Judge and Jury.

Charlotte, N. C., July 18.—The trial of twenty citizens of Anson county, this state, charged with lynching J. V. Johnson, which was begun Monday at Monroe, was continued Tuesday.

Miss Alice Bogan, daughter of the sheriff, who was on the stand Monday, resumed her testimony, detailing how the mob broke into the jail on the plea of having a prisoner to commit and how they seized and held her father, took the keys to Johnson's cell away from him, released Johnson and after tieing him with ropes, dragged him off down the road to the point where he was lynched. She positively identified several of the defendants as being members of the mob.

The cross-examination of Sheriff Bogan, who was recalled, failed to shake his testimony in any particular. He recognized many of the members of the mob, and called their names. John Jones, against whom the present case is directed, was recognized as one of the leaders.

Johnson was lynched on the night of May 20, 1906, and the crime for which he was imprisoned was the willful murder of his brother-in-law, Charles Johnson. The governor had called a special term of Anson court to try him a few days before he was lynched.

The men are indicted under an anti-lynching act passed by the legislature of 1893, the first adopted by a southern state.

MAN'S CORPSE FOUND.

His Son Had Refused to Pay Ransom of $3,000.

New York, July 18.—The body of William D. Wines, a retired merchant of Brooklyn, was found in the woods at Mount Kisco, N. Y., on Tuesday, after his son had received a letter demanding that a ransom of $3,000 be paid for his father, Mr. Wines, who was 80 years of age, disappeared on June 28.

Last Saturday his son in Brooklyn received a letter decorated with skull and cross-bones, declaring that Wines was safe and would be sent home if $3,000 was placed in a pillar on the elevated railroad at a stated point in Brooklyn.

A decoy letter was placed there, but no one came for it. A searching party found Mr. Wines' body. It is believed by Mr. Wines' son that the writer of the letter knew nothing about his father's whereabouts, but made use of his absence to try to extort money.

ALIENS FLOCK TO AMERICA.

Number of Immigrants During Last Fiscal Year 1,285,349.

Washington, D. C., July 18.—All immigration records in the history of the country were broken by the aggregate returns for the fiscal year of 1907, which ended on June 30, last. The total number of alien immigrants landed in America during the year was 1,285,349, as against 1,100,735 landed during the fiscal year of 1906. The increase during the past year was about 6 per cent over the greatest number of immigrants that ever arrived in America, heretofore, in a single year.

The figures for the entire year have not been completed in detail, but it is known that the great majority of the immigrants reached this country during the last six months, the exact number for that period being 743,952, an increase of 10 per cent over the six months ended June 30, 1906. A total of 5,962 arriving immigrants were debarred from admission to the country during the last six months. Of the total arrivals during the last six months 132,185 came from Russia.

Plague Kills 1,060,007 in Six Months.

London, July 18.—Returns of death by plague in India show an appalling total of 1,060,067 for the six months ending June 30. The monthly total is at present decreasing, however, the death roll for June being placed at 69,465. The total for the six months of 1907 already surpasses that for the entire twelve months of 1904, when 1,022,000 persons died. This total is the highest ever recorded previously to the present year.

Tried Suicide; Lost Mind.

Macon, Ga., July 18.—After having attempted to commit suicide by taking a large quantity of laudanum, Mrs. Noah Gadison, wife of a former engineer of the Central of Georgia railway, residing in South Macon, was taken to the county jail Tuesday night suffering from the complete loss of her mind. She was taken charge of by the police after physicians had worked heroically to save her from the poison.

BOY AND GIRL CURED OF SORES

Which Broke out on Face and Body —Medical Treatment Did Them No Good—Mother Cured Both Her Little Ones and Now The

WHOLE FAMILY JOINS IN PRAISE OF CUTICURA

"My son's trouble was running sores which first appeared on his face and then broke out all over his body. I had tried doctor after doctor for three months but none helped him. Then I was advised to try Cuticura. My druggist said that he could give me a salve that would help him, but I demanded Cuticura Ointment and after using it for a while I was surprised to see an improvement. I treated the sores with Cuticura Ointment on soft bandages after washing with warm water and Cuticura Soap, and gave him the Cuticura Pills. In two weeks he was almost cured, and after the steady use of Cuticura Remedies for two or three months I can now say that I have one of the finest boys in town, and I tell all my neighbors that he owes his health to Cuticura. Later my little daughter was all covered with sores on her face and body. I didn't waste much time or money with doctors, as I had done when my boy was sick, but used the Cuticura Remedies on her, and now my little girl is entirely cured. I send you her photograph to show how she looks after we used Cuticura. I know of several other cures which Cuticura Remedies have effected, including that of our domestic, Miss S——, whose face was covered with mosquito bites which she scratched until they became a mass of sores and which she cured in no time with Cuticura Ointment. Our whole family joins in sending their thanks and praise for all that Cuticura Remedies have done for us. Mrs. Rose Floss, 1206 W. Madison St., Chicago, Ill., Nov. 3 and Dec. 3, 1906, and Jan. 24, 1907."

Well Known Financier Dead.

New York, July 18.—Henry Lewis Carter, president of the Yorkhaven Waters Powers company, of Yorkhaven, Pa., died suddenly from apoplexy Tuesday at his home here. He was 75 years old and well known among financiers and paper manufacturers. At Yorkhaven he directed the building of one of the largest power dams in the world, a line of masonry being thrown across the Susquehanna river. The power is transmitted to points one hundred miles away.

Wisconsin Legislature Adjourns

Madison, Wis., July 18.—The 1907 session of the Wisconsin legislature, which has met at Madison, now the capital of the state, has been one of the most important in the history of the state. Many important laws have been enacted, including a railroad commission bill, a bill to control every public service corporation in the state, a bill to prevent the formation of trusts, a bill of importance to the people of the state, the present fire insurance law, which practically prohibits any combination of companies. The other bills are of less importance. The appropriations for the two years will be in excess of $4,000,000.

Where Is Trick Bicycle Rider?

Berlin, July 18.—Inquiries are being made by the state department at Washington as to the whereabouts of Edgar Gifford, a one-legged trick bicycle rider. Gifford gave several performances in Germany, which included a dive into a tank, but the authorities refused to permit him to continue business because of the fact that several boys who endeavored to imitate his tricks were drowned. The whereabouts of the man is unknown to the authorities.

Crushed to Death by Engine.

Columbia, S. C., July 18.—A. W. Price, a promising young man, was crushed to death by an engine at Wilsona, Florence county, Tuesday morning. Price has for some time been acting as assistant to the depot agent, though not in the employ of the railroad company, and it seems in delivering orders to the engineer or conductor, slipped under or was in some way caught by the wheels of the train and crushed to death. He was the son of a widowed mother.

$12,000 Fire at Memphis.

Memphis, Tenn., July 18.—The plant of the Memphis Cotton Oil company, located in the extreme southern portion of this city, was destroyed by fire of unknown origin Tuesday, entailing a loss estimated at $120,000, with insurance of $80,000. When the fire was discovered practically the entire interior of the plant was ablaze, and it was with difficulty that other buildings in the vicinity were saved.

Bankhead Elected Senator.

Montgomery, Ala., July 18.—The two houses of the legislature in separate session have elected former Congressman John H. Bankhead to the United States senate to succeed the late Senator Morgan. Bankhead retired from congress in favor of Richmond Pearson Hobson, the naval hero, in March, after twenty years' continuous service, but was out only to the middle of June, when, by appointment, he succeeded Senator Morgan.

Drouth Causing Starvation.

Kingston, Jamaica, July 17.—A severe drought is causing starvation among the people on the plains of St. Elizabeth. In the western part of the island persons have been compelled to walk miles to procure water and now the people are subsisting only on bananas. Fully one hundred actions have been filed against the British insurance companies on account of the earthquake.

Shot While Playing Poker.

Griffin, Ga., July 17.—Preston Upshaw shot George Pheltman in an alleged poker game near the Georgia experiment station here Sunday, producing a severe flesh wound. Upshaw made his escape, but several others, who are charged with being in the game, were arrested and gave bond.

New Persian Ruler.

Oyster Bay, N. Y., July 18.—General Morteza, the Persian minister to the United States, Wednesday performed the duties for which he has been made a special ambassador by notifying President Roosevelt of the accession to the Persian throne of Mohammed Ali Shah.

TEACHERS' MEETING TONIGHT

Will Discuss a Most Interesting Question, Especially to the Bachelors.

The Friday evening meetings of the Summer Normal Literary Society are becoming very interesting and entertaining. Last Friday Prof. O. L. L. Suhrie, professor of physchology and pedagogy and director of the normal school at John B. Stetson University, gave a number of readings.

Prof. Suhrie captured his audience and held their undivided attention for thirty minutes. It is to be hoped that Prof. Suhrie may come again.

The program for tonight consists of vocal and instrumental music, several recitations and a debate. The question is

"Resolved: That Bachelors above the age of 25 should be Taxed."

All are invited.

Miss Julia Brown of Magnesia Springs was a guest of friends in this city yesterday.

J. S. Goode left yesterday for Tampa, where he will look after his real estate interests.

S. R. Chitty of Micanopy was in the city Wednesday. He made The Sun an agreeable business call.

We will give special bargains in tinware and graniteware today. Do not fail to see our line. Gainesville 5 and 10-Cent Store.

Wanted—Two papers of the 9th of April and 1st of May. We will give 10 cents for the first paper of each of the above mentioned dates and 5 cents for the second.

Miss Marie Richardson, formerly one of Alachua county's popular teachers, is now stenographer in the office of the county judge of Marion county. She writes the editor of The Sun that she is well pleased with her position, as well as Ocala and her good people.

Mrs. W. S. Banks and daughter, Miss Flossie, after a delightful visit to relatives in Green Cove Springs, have returned to their home in this city. Mrs. P. F. McCook, who accompanied them to Green Cove Springs, will remain there for a few days, as she is rapidly recovering there from her recent illness.

Col. W. T. Weeks of Starke, for many years clerk of the Circuit Court of Bradford county, was in the city for a few hours yesterday. He was joined here by his daughter, and in the afternoon they left for Alachua, where they were summoned on a sad mission, the death of the former's brother-in-law, Robert Turner, which sad event occurred at 7 o'clock Thursday morning. Friends extend sympathy in this hour of bereavement.

Attention is called to a new and novel advertisement of The G. W. Hyde Company, which appears elsewhere in this issue. This sale will be one of the most novel ever witnessed in this section, as it will be conducted in the evening, beginning at 7 and ending at 10 o'clock. These after-supper sales will begin Saturday evening, and will continue every Saturday night during the summer. It will pay after-supper shoppers to call and inspect the various lines.
